Dive Into Legend

Addu's underwater world is the stuff of dreams - and we'll take you there

Year-Round Manta Point

Forget about seasonal sightings - Addu's mantas are here 365 days a year with the incoming current. Glide alongside these gentle giants at our dedicated cleaning stations and feeding grounds.

British Loyalty Wreck

One of the Maldives' most iconic dives. This WW II oil tanker, torpedoed in 1944, now rests upright in 33 meters. Encrusted with corals and teeming with life, she's haunting, beautiful time capsule of history.

Shark Point and Marine Biodiversity

Reef Sharks, nurse sharks, tiger sharks, napolean wrasse, moray eels, octopuses, nudibranchs - every dive reveals something new. Addu's reefs remain remarkably healthy. Expect vibrant hard corals, dramatic overhangs and an explosion of colour.

All dives led by certified professionals. Brand-new equipment.

Maximum safety. Maximum adventure.

Addu Meedhoo – Heart of the South

Above and below the surface, Meedhoo reveals the real Maldives.

Life on Meedhoo moves with the ocean's rhythm — calm, genuine, and deeply connected to nature. As one of the oldest islands in the Maldives, it's the cultural soul of Addu Atoll, where tradition and everyday island life blend seamlessly.

Walk through sandy lanes lined with palm trees and pastel houses, meet friendly locals over a cup of black tea, and feel the warmth of a community that lives in harmony with the sea.

Here, you can taste authentic maldivian food and experience the real Maldives beyond the resorts.

Meedhoo isn't just a place to visit — it's a place to belong.
